ChatGPT Essay

Published   **Edit**

ASSIGNMENT

1. Identify a major question in contemporary medical challenges that chatGPT could write about. This is your "**Prompt Question**".
2. Use chatGPT to write a **Response** to your question or challenge.
3. Reflect on chatGPT's Response (e.g. What is correct? What is incorrect? What don't you know is correct or incorrect? What should you look up elsewhere to verify? What should you ask chatGPT next?).
4. Using Track Changes in MS Word, or Suggesting in Google Docs, improve the Response from chatGPT (e.g., correcting errors or misinformation, expanding on shallow content, putting it into your words, expressing what is important to you). This is your "**Improved Response**".
5. Submit:
   - your "**Prompt Question**"
   - the chatGPT **Response** (~500w) and
   - your **Improved Response** (~700w) with your added content marked up.

USING ChatGPT

1. Go to the OPEN AI/chatGPT site: **https://openai.com/blog/chatgpt/** ⇱
2. Navigate to chatGPT
3. Verify you are human
4. Log in or Sign up
5. Use your USYD email address
6. Enter a password
7. Look for the Verification Email and verify
8. Enter Name and Phone Number
9. Enter your Prompt Question and send

** you can revise and refine your Prompt Question and re-enter it**
